

## **Summer Book Bonanza**

*Our Summer Book Bonanza program is a one-time drop-off or pick-up of books for your program or camp. We can support your learners with summer reading by providing books for each child. Books Are Wings will have new and gently used children's books available starting the second week of June for participating programs.*

## **Pop-Up in the Parks**

*This summer, we are very excited to be back offering weekly pop-up events in local parks in the following cities: Woonsocket, Providence, Central Falls, and Pawtucket. These programs provide books for young learners to choose from and take home to keep them reading over summer. Check our website for days, times, and locations.*

## **Summer Reading Journey**

*Keep your summer students or campers reading over the summer by joining the Summer Reading Journey. Unlike a reading log that focuses on individual growth, this reading challenge centers on community! Once your students reach the reading goal as a team, Books are Wings will throw an ice cream celebration with prizes for students. After you sign up for the journey, BAW will provide all of the materials needed, including tracking posters, books and more! Sign ups are first come, first serve.*

**To learn more about any of these offerings or to sign up,
